

August 2019

Dear Kadima Families,

I would like to welcome you to Kadima, and take a minute to introduce myself. My name is Becky Faur and I have worked with children in the Jewish Community for 25 years. I am very excited to be a part of this amazing program. Kadima is an excellent way for your children to participate in fun activities with other children and peers from Park Synagogue, along with other surrounding members of the Jewish Community. Membership in Kadima entitles you discounts to every event. We have so many fun activities scheduled for this year; there is something for everyone!

We will begin the year with a wonderful adventure to Holden Arboretum! Come experience how birds see the world from the treetops in this amazing outdoor museum and have a picnic lunch with all your friends. You can sign up online or rsvp to me via email.

Other events scheduled for this year include a trip to Shaker Rocks, the new rock-climbing experience right in our backyard, and snow tubing at Brandywine Ski Resort. These are only a few of the events, with more adventures to come! I am looking forward to an amazing, fun filled year with all of you!

Please feel free to contact me with any questions at rebeccafaur@gmail.com.

Sincerely,

Becky Faur
