OUR MISSION STATEMENT

The Park Synagogue Education Department provides a Jewish education for children, the VIP and Me class through High School. As a Framework of Excellence Religious School, we strive to instill a love and respect for Judaism and its Mitzvot in our children. The school provides the setting for students to acquire the ability to participate in Service, observe holidays, and have an understanding of what it means to be a Jew in the past, present and future.

OUR EDUCATIONAL VISION

We are a center for learning and engagement rooted in values derived from the Torah with the following goals:

- *To create a community that values lifelong learning.*
- *To instill a positive Jewish identity in the students.*
- *To engage students in Jewish education and practices as the primary means of perpetuating Jewish identity.*
- *To develop a sense of responsibility for the State of Israel and the worldwide Jewish Community.*
- *To teach the skills necessary to practice Judaism in accordance with the Conservative Jewish Movement.*
- *To impart to the students a knowledge of our heritage and tradition through exploration of biblical texts.*
- *To involve students in Shabbat observance as a central element of Jewish life.*
- *To cultivate within each student a positive attitude and pride towards his/her Religious School experience.*

OUR VISION OF OUR STUDENTS

... Is built on a foundation of menschlikeit, ethical behavior.

As our children move from the world of our school into the greater community, we want them to develop a positive Jewish identity, a sense of Klal Yisrael and a sensitivity to the needs of people throughout the world.

Our vision is for each child, as a young member of the Jewish community, to exemplify menschlikeit.

- *Our school is a community of learners in which students respect their classmates and their teachers. Students take responsibility for fostering an open, safe environment.*
- *Students value and respect the sacred space of our building, a place for all to pray, study, and mingle.*
- *Students learn about and develop a curiosity about all things Jewish. They show their value for their heritage by taking pride in their Jewish actions.*
